

Ms. Laliberte,

In regards to the dog we adopted on Monday, January 26, 2015 from the Cumberland County Animal Shelter, please know the following:

Our family has decided to keep him because we feel it is in his best interest. This is primarily due to the pet being held at the shelter for several days, per Cumberland County Animal Control Ordinance, with no inquiry from an owner. There is a history of the dog being lost before. He was in need of veterinary care. In good conscience, regarding the welfare of this dog, we cannot return him to any previous owners.

Out of respect for our family's privacy and safety, we would request that we are not contacted, or harassed directly or indirectly by other parties, about this situation any further.

Sincerely,

Chris and Robin Eaton
