

Dan Manley
Senior Manager

Dan Manley's career spans over twenty years in the areas of business process and technology system design, implementation, operation, support, audit and control. In his current role as Sr. Manager at KPMG, he leads the Carolinas Information Protection and Business Resiliency team with a focus on financial services, which includes internal audit co-source, attestation and advisory projects of varying scope and complexity.

Prior to joining KPMG, Dan worked a Telecommunications Analyst for Nations Bank and as a Sr. Systems Support Representative for Diebold, Inc. Dan began his career with the United States Air Force as a Communications and Computer Systems Program Manager.

Dan actively participates in industry events on topics related to IT governance and data security. He also facilitated the 2008 RSA Conference panel discussion on managing risk related to sensitive data transmissions.

Dan is a Certified Information Security Manager (CISM), Certified Information Systems Security Professional (CISSP) and received a Bachelor of Science in Management from the University of Maryland.
