

INDOCTRINATION

NAACP President, Ben Jealous

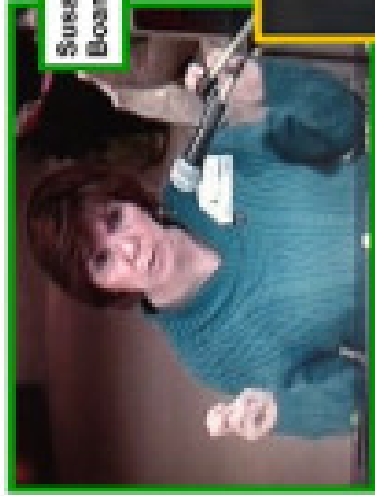

NC - NAACP President, William Barber

These angry men have an agenda for Wake County Public Schools to continue with forced busing, social engineering, and failed quota systems using your children and grandchildren as pawns in their scheme. They have 5 liberal allies running for election this Oct. 11th who have supported them in their fight against Wake County families. **VOTE NO** on these candidates and their agenda.

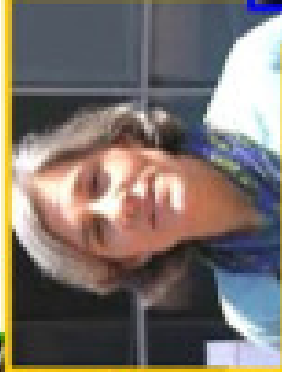

This Oct. 11th we can put these radicals on a bus out of town by electing pro-family & pro-community candidates for the Wake Co Board of Education. It's your children and your schools— **NOT** theirs.

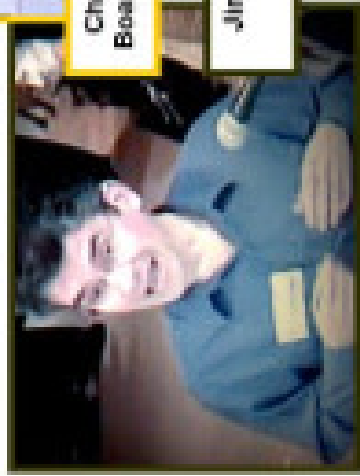

Susan Evans, Wake School Board Candidate - District 8

Kevin Hill, Wake School Board Member District 3

Christine Kushner, School Board Candidate - District 6

Jim Martin, School Board Candidate - District 5

Keith Sutton, Wake School Board Member - District 4

These contentious status-quo board members have protected the bureaucrats over our children and our schools for years. They fought for continued forced busing and voted against new Superintendent Tony Tala in an effort to keep their cronies in charge. Their 3 liberal allies wish to join them for a new majority.

On OCT. 11th — We MUST vote to keep these 5 radicals away from our children. Let's continue finally moving our school system in a more family friendly manner focused on student achievement for all children.
