

STATE OF NORTH CAROLINA
OFFICE OF THE FIRST LADY

May 8, 2013

Dear Judiciary B Committee Members,

I am writing to thank you for your unanimous support of House Bill 930. Passing legislation to establish basic standards of care for large commercial dog breeding facilities is a very important issue to me, and to people across our state.

I especially wish to thank Representatives Saine, McGrady and Brown for their leadership on this issue. I hope you and other members of the General Assembly will continue to advocate for this bill, and other legislation establishing higher standards for commercial breeders.

These policies increase our quality of life in North Carolina and ensure better care for dogs across the state. You have my full support. Thank you again.

Sincerely,

Ann G. McCrory
First Lady
The State of North Carolina
