RE: Response to the North Carolina State Board of Elections

Since my appointment to the Rowan County Board of Elections, I have not violated any parameter or law regarding my conduct as a board member or chairman of my board. Due to my recent heart and foot surgeries, I am not able to respond to the State Board in a proper manner that I wish. I will be happy to respond in a more detailed manner when I have fully recovered from my medical issues. Thank you.

Respectfully Submitted,
