Subject: RE: Submission of DPI's \$2.5 million Legislative Reduction

Dear Philip,

Thank you very much. Happy new year to you. We look forward to discussing.

Best regards,

Lee

Subject: Submission of DPI's \$2.5 million Legislative Reduction

Good Morning,

We are transmitting the required forms this morning that will address the \$2.5 million reduction as required by S.L. 2015-241. I wanted to send you some additional information that will give you more background information to support the 606's we are submitting.

The attached document includes:

- An overview as to how the Department of Public Instruction has organized to assure that the requirements of the Excellent Public Schools Act and the State Board's priority and goals are implemented
- A chart that outlines more detail as to the State Board priorities and how the various Departments are responsible for those priorities
- An Agency organization chart that reflects the current administrative structure of the Department of Public Instruction (DPI). The chart includes notations as to which areas of DPI are involved with assuring the success of the Excellent Public Schools Act and charter schools.
- A summary of the reductions by Area within DPI

We appreciate the support and guidance from OSBM throughout the State Board of Education and Department's work on developing an organization structure to address the legislated reductions while also addressing the legislated requirements associated with the Excellent Public Schools Act. Dr. Atkinson, Mr. Cobey, or myself are available to meet with you and/or your staff if you would like to have additional discussions.

Philip
