

LIVING IN HARMONY WITH YOUR PETS

Behavior Principles for Pet Owners

The purpose of this course is to discuss solutions to common behavior problems that create disharmony in our relationship with our pets. Using case examples and video clips, Drs. Sherman and Gruen will help pet owners see the world from their pets' perspective in order to

prevent and manage common behavior problems in the home.

This course is directed toward dog and cat owners. During the day, participants will be invited to submit questions to the speakers for response during the final Q & A session.

Dr. Barbara Sherman, DACVB
